

EMI Health offers a unique opportunity to save you time and money. EMI TeleMed provides nationwide access to a doctor 24 hours a day, 7 days a week, 365 days a year!

**How does EMI TeleMed work?**

1. Patient calls 1-877-556-3669.
2. Medical assistant collects patient information.
3. Doctor calls for consultation.
4. Doctor calls in prescription if necessary.

With an average waiting time of 20 minutes for a return call from the doctor, you can't afford to pass on this offer.

**Here's how EMI TeleMed saves:**

**EMI TeleMed = \$10.00 at time of service**

Common office visit = \$110.00+

Common urgent care visit = \$175.00+

Common emergency room visit = \$850.00+

At only \$10 per call, you can dramatically reduce your costs compared to going to a physician's office, urgent care, or emergency room.
