

# Finding an In-Network Dentist:

[www.kclgroupbenefits.com](http://www.kclgroupbenefits.com)

Click on “Service Center” at the top (it is the 3<sup>rd</sup> heading from the left in the white border)

Click on “Employee Services” on the left side of the page

Click on “Dental Networks” on the right side of the page

That will bring you to a page showing the following:

<https://www.kclgroupbenefits.com/services/providers.aspx>

## Dental Providers

Kansas City Life Group Benefits uses the CONNECTION Dental PPO Network as its primary dental network. Please visit the CONNECTION Dental Network at [www.ppousa.com](http://www.ppousa.com) to view the most current provider listing, or call PPO USA at its toll-free number: 877-277-6872. Customer service representatives are ready to help you locate a nearby dentist between 8 a.m. and 5 p.m. Central Time, Monday through Friday.

Should you not find a provider in the CONNECTION Dental network, you may wish to review the providers in our secondary network, Stratose. For a listing of these providers, please click [HERE](#)

The 2 links underlined within the paragraph above will take you to a dentist search.
