

Improving health is a journey—and the hardest step is always the first. We're committed to helping our community stay healthy by providing access to high-quality healthcare at an affordable cost, giving superior service to our members, and offering the information needed to make smart decisions. **SelectHealth. It all starts with one good choice.**

QUALITY CARE

The National Committee for Quality Assurance (NCQA)* has ranked us as Utah's top health plan for the past six years. Our accreditation status illustrates our commitment to helping you stay healthy and providing the highest quality care. In rating a health plan, NCQA examines how well we help you do the following:

- > Stay healthy
- > Get better
- > Manage chronic illness
- > Access qualified providers
- > Receive care and services when needed

MEMBER SERVICES

Providing superior service is one of our highest priorities. Our Member Services representatives are available six days a week to answer questions about your benefits and claims. In addition, our SelectHealth Member Advocates® will work with you if you need help finding a doctor or to schedule an appointment.

▶ **To contact Member Services, call 800-538-5038 weekdays, from 7:00 a.m. to 8:00 p.m., and Saturdays, from 9:00 a.m. to 2:00 p.m.**

▶ **To contact Member Advocates, call 800-515-2220 weekdays, from 7:00 a.m. to 8:00 p.m., and Saturdays, from 9:00 a.m. to 2:00 p.m.**

Choosing a Plan That's Right for You

We offer several plan designs and networks to fit your needs and budget. As you shop, it's important to understand how our plans are categorized. We offer plans in each of the following metal tiers—Bronze, Silver, or Gold—that represents the plan's value. Typically, plans with higher metal tiers will have higher premiums. We also offer a Catastrophic Plan.

SELECTHEALTH PREFERENCESM

These traditional plans offer comprehensive coverage with a variety of deductible options and flexible benefit features. There are two variations: standard cost-sharing plans that have coinsurance after the deductible on most services, and copay plans that require a copay for most services.

SELECTHEALTH HEALTHSAVESM

These plans intend to conform to the U.S. Treasury Department guidelines for a high deductible health plan and are designed to be paired with a Health Savings Account (HSA)*. With a HealthSave plan, you have more control over your healthcare dollars.

*Not all Cost-Share Reduction plans are eligible for an HSA.

What is an HSA?

An HSA is similar to a personal savings account, with a few differences. For HSA-eligible individuals, money contributed to an HSA can be used for certain medical expenses (as defined by the IRS) such as deductibles, copays, and coinsurance. Our preferred HSA vendor is HealthEquity®. Please visit healthequity.com for more information about an HSA.

CHOOSE A PROVIDER NETWORK

We offer three provider networks: Select Value®, Select Med®, and Select Care®. Our smaller networks generally have lower premiums, while the larger networks give you access to more providers. To find out if your doctor is participating, visit selecthealth.org/provider.

DO YOU QUALIFY FOR AN ADVANCED PREMIUM TAX CREDIT?

The Affordable Care Act requires that most Americans have minimum essential coverage beginning January 1, 2014, or pay a tax penalty. To help pay for this coverage, a tax credit is available to those with lower incomes.

WHO IS ELIGIBLE FOR PREMIUM SUBSIDY?

To qualify for a premium subsidy, you must meet the following criteria:

- > Be a U.S. citizen or national (or be lawfully present)
- > Have a family income between 100 to 400 percent of the federal poverty level
- > Not have access to a qualified employer-sponsored health plan that provides minimum value (actuarial value of at least 60 percent) and that is affordable (does not cost you more than 9.5 percent of your income)
- > Not be eligible for public coverage, including Medicaid, the Children's Health Insurance Program, Medicare, or military coverage
- > The Marketplace will send your tax credit directly to your insurance company, so you pay less for your premiums each month

COST-SHARE REDUCTION

In addition to a tax credit, you may be eligible for Cost-Sharing Reduction plans that lower the amount paid out-of-pocket for deductibles, coinsurance and copays. Members of a federally recognized tribe may also qualify for additional cost-sharing benefits.

CATASTROPHIC PLANS

People who are younger than age 30, and some people who qualify for a hardship exemption, may buy what is called a "catastrophic" health plan. These plans have higher deductibles and out-of-pocket maximums and are ideal for those who only want protection from very high medical costs. These plans are not eligible for a premium subsidy.

SELECTHEALTH ADVANCED PREMIUM TAX CREDIT CALCULATOR

We have created a simple calculator to help you determine the amount of assistance that may be available to you. If you qualify for a subsidy, the federal government will pay a portion of your monthly premium. Visit selecthealth.org/calculator and enter your family size, household income, and age of your oldest household member.

The tax credit is based on family size, income, and age. For more information about tax credits and healthcare reform visit selecthealth.org/reform.

Most preventive care is covered 100 percent. For more information about preventive care, visit selecthealth.org/stayhealthy.

Ongoing Support

Whether you have an urgent or ongoing condition, our registered nurse care managers offer one-on-one

support and help coordinate your care. We also offer health education, smoking cessation resources, and a prenatal care program for expectant mothers. For more information about utilization management and services that require preauthorization, visit selecthealth.org/stayhealthy, or call Member Services.

SelectHealth Healthy Beginnings®

Our prenatal care program provides emotional support and coaching for expectant mothers from a team of nurse care managers. In addition to pregnancy planning education materials and other over-the-phone screening, the program includes high-risk care management when needed.

PROVIDER NETWORK OPTIONS

Choosing the right network is important. SelectHealth offers three provider and facility networks that range in size and coverage area—Select Value, Select Med, and Select Care. Smaller networks generally have lower premiums. SelectHealth Prescriptions®

PHARMACY BENEFITS

Our pharmacy benefits are included with all of our Individual medical plans and provide access to more than 39,000 pharmacies nationwide.

PRESCRIPTION DRUGS

Coverage is divided into tiers (levels), and our plans have four tiers. Each drug is covered under a specific tier that corresponds to a copay or coinsurance amount—this is the amount you pay. Drugs on lower tiers may provide the treatment you need at the best value.

Tier 1 - Lowest cost (mostly generic drugs)

Tier 2 - Higher cost (generic and brand-name drugs)

Tier 3 - Highest cost (mostly brand-name drugs)

Tier 4 - Injectable drugs and specialty medications

PRESCRIPTION DRUG LIST (PDL)

Individual plans use the RxCore® PDL. This is the list of prescription drugs covered by your plan. Search for your drug on our website (see the “Online Tools” section) to find the tier and any special requirements. You will receive a copy of the PDL with your member materials, but the online drug lookup is the most complete, current PDL.

SPECIAL REQUIREMENTS

Some drugs require step therapy or preauthorization before they will be covered by your plan.

Step Therapy - If your drug requires step therapy, your doctor must first prescribe an alternative drug. These are generally more cost effective and do not compromise clinical quality. Step therapy may be waived for medical necessity.

Preauthorization - This means that your doctor must call us for approval.

GENERICSAMPLE®

GenericSample eliminates your copay/coinsurance for the first 30-day fill of select generic prescriptions. This program is offered at participating retail pharmacies. It is not available under the 90-day maintenance drug benefit or on HealthSaveSM plans.

90-DAY MAINTENANCE DRUG BENEFIT

The 90-day maintenance drug benefit allows you to obtain a 90-day supply of certain medications. It applies to drugs that you have been using for at least one month and expect to continue using for the next year. Your member responsibility (e.g., copay or coinsurance amounts) may be lower when you fill prescriptions using the 90-day benefit.

There are two ways to fill a 90-day prescription: through a local pharmacy using Retail90® or through the mail. Mail order services are provided by Intermountain Home Delivery Pharmacy.

Use the tables below to identify the Rx deductible for the corresponding medical deductible listed on the first row.
