

# TALL TREE ADMINISTRATORS

## Custom benefits administration for employer groups of 100 or more

TALL TREE  
ADMINISTRATORS

**Lowest cost-of-care.** Tall Tree combines national, regional & local networks to maximize discounts and provide seamless multi-state access to medical and dental care.

National Medical Health Card (NMHCrx) pharmacy management provides continuous **formulary & benefit analysis** as well as deep discounts.

**Unlimited custom and ad hoc reporting at no additional cost.** Review plan expense by disease type, employee vs. dependent, by location – real-time data in any format.

**The Best Customer Service in the business.** People answer the phone with real answers – right now.

**Stop-Loss** notifications are triggered by diagnosis code and are automatic upon entry into the system.

View claims at the **Tall Tree Website** on the day they arrive -- electronic or paper. Review enrollment information and eob's from the current and previous plan year. Participants track how much deductible is satisfied and all plan accumulators and limits.

Custom **Health Reimbursement Accounts** and benefit designs align participant incentives with plan performance.

The dedicated **Transition Team** makes it easy to move existing benefit programs to Tall Tree. Eligibility, claims, and benefit specialists work together to make the move complete and seamless for benefit managers and participants.
