

Tax-free savings for when you need it most.

A Tax-Free Health Benefit That Helps Your Employees Control Their Healthcare Costs.

A **Health Savings Account (HSA)** is a tax-advantaged medical savings account available to employees who are enrolled in a High Deductible Health Plan (HDHP). The funds contributed to an HSA are not subject to federal income tax at the time of deposit and roll over year to year.

HSAs help reduce health insurance expenses for both employers and employees alike. Add depth to your employee benefits offering with a consumer driven HSA solution and give employees more take-home pay and more responsibility for their own healthcare choices.

True Savings

HSAs can provide real savings for both employers and employee participants. Tax-free contributions can be made through payroll deductions or as a one-time lump sum. HSA funds roll over each year and can even grow through employer contributions and investment options. The TASC HSA Debit Card is tied directly to participant HSA accounts for easy funds access. An HSA is a true savings account that encourages employees to save for future healthcare expenses.

Why Choose TASC HSA?

Enrolled employees enjoy the ease of managing their TASC HSA funds via secure online access 24/7/365 through our TASC HSA website. We offer fast reimbursements, easy access to funds, and integrated resources to help employees manage their HSA and investment accounts.
